Front End Loader

# Front End Loader

Easy to load and emptied on site, lightweight Front End Loader containers are particularly suitable for commercial or industrial waste.

### Convenient and flexible

Made of tough steel with heavy duty plastic or metal lids to ensure that your waste is contained securely, our Front End Loader containers are emptied on site.

Incorporating lockable lids if required, our Front End Loader containers are simple to access, using either the top or the side doors. They are available in a wide range of sizes to suit every need

#### They are the best choice for :

- Lightweight waste from offices, factories and warehouses
- Cardboard, paper, food, plastics and light wood
